Be a part of APAAM this year in April 2010!!

Asian Pacific American Awareness Month, APAAM, is dedicated to providing a platform for the exploration of cross-cultural experiences, specifically those relating to the Asian/Pacific American community. APAAM strives to foster collaboration between all student organizations, whether APA or not, as well as academic and administrative departments on campus. If you're interested in bringing notable Asians to campus, collaborating with APA campus groups, highlighting the unique individual experiences that transcend traditional definitions, and planning great events that reflect the diversity of the community, then please apply!! What is unique about APAAM is that April provides the penultimate opportunity for performances, showcases, speakers, art galleries, and everything else under the sun before the school year ends. For more information, check out last year's website at www.cuapaam.com.
